

THE HALF-OGRE

You are a giant, and an outcast. Most people shun you because of your heritage, but all fear you because of your size and ferociousness. You get along well with adventurers as they can see the benefit of having a person of your stature. You fight, and fight well.

Half-ogres stand over 6 ½ feet tall and weigh at least 300 pounds. You must have a Strength score of 13+ to play a Half-Ogre character.

Half-Ogre Race Abilities

Character Advancement: Half-Ogres use the Fighter class advancement chart. They are typically allowed to progress as high as sixth level.

Weapon/Armor Restrictions: Unlike other Fighters, Half-Ogres do face some weapon & armor restrictions. They are not able to use any bow, and any armor crafted for them costs double the normal price due to their size.

Ogre's Ferociousness: Half-ogres are strong, and can deal massive amounts of damage because of their strength. A half-ogre character gains +2 to all melee and unarmed damage rolls.

Iron Constitution: Half-ogre's resist poison and disease better than most other races, they make saving throws against these threats as if they were 4 levels higher than their current level.
